播道醫院 Evangel Hospital

「以醫為愛」是播道醫院的創院目的。1960年代，兩位宣教士來到香港，看到當時香港的醫療服務相當不足，於是他們以禱告及行動回應上帝的呼召，建立了這所醫院，提供優質且可負擔的醫療服務，讓市民經歷上帝的慈愛。

「以愛為醫」則是今天播道醫院回應創院使命的體現。我們期望透過愛心的醫療服務去關愛病人。本著「全人醫治」的服務理念，我們不但關心病人的身體，亦關心他們的心靈需要，讓病人獲得真正的治療及身心靈整全健康，為社區帶來祝福。

“Care that Cures” is the theme of Evangel Hospital reflects both its mission at its founding and how we continue to uphold that mission today.

In the 1960s, two missionaries came to Hong Kong and recognized the severe inadequacy of medical services at the time. Many grassroots residents could not afford the high costs of healthcare. In response to God's calling, the missionaries prayed and took action to establish this hospital for providing quality and affordable medical services so that the community could experience God's love through the care.

Today, we sustain this legacy by caring our patients with God's love. Guided by the philosophy of "holistic care," we are dedicated to address the physical, psychological and spiritual needs of our clients. We are grateful for God's guidance as we move forward with love, offering comprehensive, continuous, preventive, and holistic medical services to our clients and blessed our community with a holistic healing and long-term well-being.
